OLGA DUBOVIK

QA Engineer

Location: Minsk, Belarus
LINKEDIN: o_dubovik
Email: olgaa.dubovik@gmail.com

SUMMARY

QA engineer with 3+ years of experience in software testing: web and mobile applications. I took part in quality assurance of two projects related to e-commerce. Have proficiency in conducting such types of testing as functional, GUI, UAT and integration.

Also, I have been working as Lead QA Engineer on the second project and managed 10+ manual and auto QA Engineers. On a regular basis helped to improve testing processes: created an onboarding program for newcomers, proposed new methods of task estimation and holding retrospectives.
